Weapons Museum

Since 6 June 2008, the Suhl Weapons Museum has been presenting a new permanent exhibition in the reconstructed historic Malzhaus. As a special museum on the history of Suhl handguns, it provides insights into the more than 500 years of production of hunting, sporting and service weapons in Suhl. Admission tickets are available free of charge when you register at the competition office. You can visit the museum on 7th or 8th October 2023 from 09.00 to 18.00.
